

Give a lifesaving gift!

A microchip for a dog, cat or other pet.

The Mobile SPCA now has gift certificates available for microchips.

Microchips save countless animals each year from being needlessly euthanized in shelters because their owners can not be found. Give this thoughtful gift to fellow pet-lovers so their precious four-legged family members are protected for life.

All for just \$20! Certificate includes:

- Microchip through 24PetWatch
- Qualified pet recovery experts on call 24 hours a day, 7 days a week.
- Free registration!
- No fees for changing ownership information on animals adopted and returned.
- 24PetWatch carries out an online search in over 500 shelter/rescue groups for lost pets.
- Free, highly visible collar tag that helps identify the pet as having a microchip.
- All the recipient will need to do is make an appointment for the chip to be inserted.
